## India eConstruct Expo

"An Exposition & Buyer Seller Meet on Construction and Construction Materials"

9th - 15th August, 2021

The global crisis created by the outbreak of **COVID-19** is still having a deep impact on our everyday lives and barely there is any industry or sector which went unaffected by this pandemic. **Indian Chamber of Commerce (ICC)** being one of the leading business chambers of India has carried forward its legacy and continuously taking several initiatives to help businesses not only sustain but also to grow during this slowdown.

Against this backdrop ICC would be organising "An Exposition & Buyer Seller Meet on Construction and Construction Materials" virtually from 9<sup>th</sup> – 15<sup>th</sup> August, 2021. This event will showcase the major players from the Construction and Construction Material Industry and will bring all concerned under a common umbrella in the form of B2B Meet. International Buyers from South East Asia and ASEAN countries like *Cambodia*, *Indonesia*, *Singapore*, *Myanmar*, *Thailand*, *Vietnam*, *Malaysia*, *Philippines* etc are expected to participate and get connected with Indian exporters.

As the focus of the show would be exclusively on **Construction and Construction Material Industry including raw materials**, it would really be a great platform to showcase your products and brands among **domestic and international buyers**. The expo will also provide a perfect mode of getting connected with Indian exporters from the domain.
