

5th
GEF2022
Globalised Education Forum

INDIAN CHAMBER OF COMMERCE

INTERNATIONALISATION OF
INDIAN HIGHER EDUCATION

30TH NOVEMBER 2022, WEDNESDAY
HOTEL HYATT REGENCY | DELHI | HYBRID CONFERENCE

Overview of the conference:

Internationalisation of India's higher education sector is crucial to the development of its overall higher education system. Striving to realize the objective of internationalisation, UGC has developed 'Guidelines for Internationalisation of Higher Education' which will encourage our Higher Education Institutions to explore innovative areas of cooperation in the fields of education and research and contribute in fulfilling the aspirations of new India.

Also, post pandemic, Digital is setting the stage for immense innovation. In a world of "work from anywhere," people also want to "learn from anywhere" which further strengthens the objective of internationalisation. New Indian education platforms are rising to meet this demand.

In this backdrop, Indian Chamber of Commerce is set to organize the "5th Globalised Education Forum (GEF)" on 30th November 2022 at Hyatt Regency, New Delhi.

The objective of this event is to "Increase global awareness and interconnectedness towards attaining highest international standards in the quality of higher education and shaping the next generations of learners to be true global citizens". The forum will scrutinize the scopes, challenges as well as best practices vis-à-vis the National Education Policy 2020, which was brought to the forefront for a mindful approach to education.

The forum will scrutinize the scopes, challenges as well as best practices vis-à-vis the National Education Policy 2020, which was brought to the forefront for a mindful approach to education.

Summit Theme: Internationalisation of Indian Higher Education
